## Blue Mountains culture & nature

Just 90 minutes west of Sydney, the Blue Mountains is a World Heritage area of stunning natural beauty, sweeping vistas & vast swathes of pristine bushland. Join Boutique Mountain Tours to experience the Mountains as they should be seen - away from the crowds, from secluded lookouts and short bushwalks.

We begin our day with a fabulous insight into Aboriginal culture at Muru Mittigar Cultural Centre. This is a superb chance to learn about the world's oldest surviving culture in a relaxed, friendly setting. Learn directly from indigenous Australians who share their culture & knowledge introducing you to local customs, beliefs, tools & weapons.

Moving up into the Mountains we see the area's most famous sights and views (like the Three Sisters), but we keep away from the crowds at small, secluded lookouts where you can experience the solitude and immensity. Lunch is enjoyed in the stunning bush setting of Wentworth Falls, with vast sweeping views over the Jamison Valley from the clifftop retreat of *The Conservation Hut*.

In the afternoon you have the chance to see native Australian animals in their natural setting, living in the fertile grounds of an extinct volcano in Blue Mountains National Park.

Travel in luxury Mercedes vehicles, with onboard TV/DVD, fridge, reclining seats & extra legroom. Maximum 14.
